

Find Midlands Choice Providers at www.midlandschoice.com

Midlands Choice offers two convenient on-line ways to quickly locate network providers. Results are based on data that is updated each week.

- 1 From any page on the website, there are three links to the Find A Provider page--in the header, the footer and the navigation menu on the left side of the page.
- 2 The first option on the Find a Provider page, "Search for a Provider," allows you to search for a specific provider.
- 3 Click the icon representing the type of provider you're looking for, or search by medical condition. This search will return up to 200 providers closest to the location you specify. Listings of providers who meet your criteria will appear on your screen for you to view, print or e-mail.

If you have questions about our website, or if you do not have computer access and would like us to print a customized directory for you, please call (800) 605-8259 (option 6), or e-mail cs@midlandschoice.com.

Find A Provider

If healthcare coverage is with [Aetna](#), [CIGNA](#) or [Principal](#), contact them directly for current listings of network providers. If you're unsure whether coverage is with one of these payers, refer to the member medical ID card or contact the employer's benefits department.

[Search for a Provider](#)
Use this tool to find a doctor, hospital, equipment/supplies, or other type of healthcare provider. You can also search based on a medical condition. This search will return a maximum of 200 providers closest in distance to your selected criteria. For broader results, create a custom directory.

[Create a Custom Directory](#)
Use this tool to create a custom directory of providers that match your criteria. A link to your directory will be emailed to you in less than 24 hours. Select the "directory library" in this tool to immediately access a directory of Mayo Health System providers in our network.

Find a Provider, cont.

1 The second option on the Find a Provider page, “Create a Custom Directory” allows you to specify providers by city, county, state or location.

2 Once you select a type of search, you will be prompted to supply the information needed to complete your request. A link to your custom directory will be e-mailed to you within 24 hours.

3 To search by city or county, select a state, network and provider type. On the next screen, choose from the list of cities (or counties), or click “Select All” to create a directory for an entire state

4 For a search by location, you will be prompted to select providers within a radius of up to 250 miles.

5 Some Midlands Choice groups also have in-network access to Mayo Health Systems. For a directory of these providers, choose the “Directory Library” option, then select “Mayo Health Directory” from the dropdown.
